- Network configuration and troubleshooting fundamentals

EDUCATION

Bachelor of Science in Computer Science Lewis University, Romeoville, IL	August 2025 GPA: 3.57/4.0
Associates in Applied Science, Computer Programming, with Honors Joliet Junior College, Joliet, IL	May 2025 GPA: 3.27/4.0
Associates in Arts, with Honors Joliet Junior College, Joliet, IL	May 2025 GPA: 3.23/4.0
Associates in Science Joliet Junior College, Joliet, IL	August 2021 GPA: 3.05/4.0

PROJECTS

Lewis Course Calendar Application: Collaborative Group Project at Lewis University

- Collaborated as a key member of a development team to build a course scheduling application.
- Contributed to the project using a structured Git workflow, including feature branching, pull requests, and code reviews to ensure code quality.
- Gained hands-on experience with a CI/CD pipeline using GitHub Actions to automate testing and deployment to Microsoft Azure.
- Used: React, Tailwind CSS, Firebase, Git, GitHub Actions, Microsoft Azure

Pet Adoption Web Application (Capstone School Project)

- Developed a full-stack web application to connect potential adopters with pets from the Petfinder REST API.
- Built a server-side application with Node.js to securely handle API requests, process JSON data, and manage search query logic.

- Designed a dynamic and responsive single-page application SPA.
- **Used:** React, Node.js, Bootstrap, Petfinder REST API

EXPERIENCE

Freelance Web Developer for Flowerbudi

August 2025 – Present

Remote

- Perform comprehensive website maintenance, identifying and resolving software defects to enhance application stability and performance.
- Update UI components and optimize digital assets to improve front-end functionality and resolve visual inconsistencies.
- Develop and implement user-facing features to expand the site's capabilities and meet client requirements.

Warehouse Associate

November 2022 – Present

FedEx, Romeoville, IL

- Monitor workflow, ensure deadlines are met, and complete daily procedures.
- Manage freight logistics, scanning, and inventory tracking for accurate and timely package handling.
- Coordinate loading and unloading operations to optimize team workflow.

Deck Crew / Medical Support

February 2022 – November 2022

United States Navy, USS Bainbridge (DDG-96), Norfolk, VA

- Assisted deck crew with ship maintenance and operations, adhering to strict protocols.
- Provided medical support to patients under the ship's doctor, demonstrating teamwork and discipline.

Warehouse Associate

June 2021 – February 2022

Grainger, Minooka, IL

- Scanned and wrapped pallets for shipment and assisted in LTL (Less Than Truckload) operations.
- Assisted in training new hires to improve operational efficiency.
